It is time for the Ministry Of Transportation ("M.O.T.") style Inspection at British European Auto. M.O.T. is the standard used in the United Kingdom that insures that all motor vehicles more than three years old are properly maintained and roadworthy. The inspection will generally cover these items: **Visual:** Lights, horn, wipers, washers, seat belts, tires/wheels and front suspension. **Road Test:** Steering, breaks, performance and general driving impression. **Under Car:** Front Suspension, Rear Suspension, Driveline/mounts, Exhaust and leaks. What will your rating be? Pass, Borderline, Fail or Very Dodgy?

**After inspection, we will have lunch at the 22nd Street Landing Restaurant.
We will caravan the short distance from British European.**
